PRESIDENT’S COLUMN

As we begin another Club Year, I would like to thank all those who have served the Club and the Breed during the past year. The outgoing members of the Board and those who served on committees should receive a special vote of thanks. Often work for a club, such as ours, is satisfying in itself, but often it is a thankless task. For those who give their time and concern to help the Club accomplish its work, I would like to say, Thank You, from all of us.

Again, may I stress that B.C.A. Is YOUR club. Your Board wants to hear your ideas and comments - and there are still jobs open for those who would like to help. Please contact any member of the Board or give me a call if you would like to help, or have suggestions. Your interest will help to make this a good year for the B.C.A. and for the Briard.

BOARD ACTION
The Board has appointed the following:
ROBERT BOELTER - Vice-President, to serve in the place of Carole Jobe, who is unable to complete her term of office.
JUNE SHEW - A.K.C. Delegate
DAVE BEHRENS - Statistician
JAN CHARBONNEAU - Eye Research
HEATHER SCHROTT - Rescue Chairman

The Board has approved the following:
1981 Specialty Conformation Judge - John Cramer
1981 Specialty Obedience Judge - Emma Brodzeller
1981 Specialty Show Secretary - Micky Birkholz
1982 Specialty Site - Toledo, Ohio
1982 Specialty Chairman - Manny Littin & Jean Heft
1983 Specialty Chairman - Marie Kokin & Ruth Monast

JUDGE SELECTION: Due to the lack of response for specialty judge suggestions, and to facilitate the work of the specialty chairmen, henceforth the first choice for specialty judge will be made from judging panels of the companion shows; then from the geographic area of a specialty. The selection is subject to the approval of the Board.

ADDRESS CHANGES

SECRETARY’S REPORT

It is appropriate to pause in tribute to my old Selectric. With coaxing, it limped through the past months, but finally succumbed to Briarditis (dog hair in the works).

Without a typewriter, my work stops! A rush ensued to find another machine and learn to operate it. The result: you have "The Dew Claw", with a new look. As for the old machine, it is a pity it did not have a memory to recall all the information which has passed through it. It gave many years of dependable service and is entitled to its retirement.

STUD DOG OWNERS: When your stud dog services a bitch, belonging to a non-member, please encourage them to join BCA. Only member litters can be advertised by the Club. We have received requests for help from several non-members, recently. BCA's rules do not permit this and we regretfully must turn down such requests.

The 1980 Annual Meeting of the Briard Club of America was called to order by President Phil Zingshelm, at 10:15 p.m. on Aug. 16, 1980. 62 Members were present, surpassing the quorum requirement of 50. A motion by Jerry Katz to waive the reading of the minutes of the last meeting was seconded and carried by voice vote.

The President thanked Stephanie Katz, Chairman, together with her committee for the enjoyable Annual Meeting weekend. He then expressed thanks to Virginia Englehart and Joan Dugan, Co-chairmen of the Annual Specialty and commented that many nice reports had been received about the event. He said the Club is looking forward to a good year and hopes Members will keep in touch with the Board with their suggestions. He commented that the Club belongs to the Members and the Board wants to hear from everyone who has comments or ideas.

The Secretary, Diane McLeroth, announced that the Club had grown to over 400 Members. She announced that this was the first Annual Meeting in a number of years where it was not necessary to report an over-abundance of briard puppies looking for homes. She congratulated the breeders for not over-breeding.

Treasurer, Patricia Long, noted that the Annual Treasurer's Report was printed in the meeting program and asked anyone with questions to contact her.

Jan Zingshelm, Chairman of the 1981 Specialty, announced that plans had been made for next year's specialty to be held in Racine, Wisconsin, just north of Chicago, on August 7th, 8th and 9th. She reported there will be three shows, an Independent Specialty on Friday, an all-breed show on Saturday and another all-breed show on Sunday. Specialty judging will be scheduled for late afternoon and Jan suggested that everyone mark their calendars. She reported that a mailing will go out, with more details, after the first of the year. When asked who the judges would be, Jan said they had not yet been selected, but she hoped people would give her suggestions over the weekend.

The President announced that no petitions for additional nominations in the election were received. The slate of the Nominating Committee is therefore automatically elected in accord with the By-laws. He then declared the following elected: Phil Zingshelm, President; Carole Jobe, Vice-President; Diane McLeroth, Secretary; Patricia Long, Treasurer; and Board Members, Class of '82, Ed Konrath (Arizona); Manny Littin (Ohio); and Jim Stewart (California).

The President asked the Members to hand in suggestions for our Specialty Judge List. This, he pointed out is in need of revision.

Due to steadily rising costs, it had not been possible for BCA to buy award plaques this year, and only engraved plates were awarded. The President announced that as soon as the plaques could be ordered, one would be sent to each of those earning awards. He asked for suggestions for the future of the awards program.

Due to steadily rising costs, it had not been possible for BCA to buy award plaques this year, and only engraved plates were awarded. The President announced that as soon as the plaques could be ordered, one would be sent to each of those earning awards. He asked for suggestions for the future of the awards program.

Bob Russell suggested that those receiving awards could pay half the cost and the Club could pay half.

Judy McGregor suggested BCA could present only the engraved plate and each recipient could buy their plaque.

Faye Sloan commented that the members support the Club and the awards are about the only benefit. She stated that BCA should pay for the entire award since this gives recognition.

The President reminded that BCA continue the current program and buy award plaques and engraved plates for awards. Faye Sloan seconded the motion. The motion carried by voice vote.

Susan Alexander moved that a motion to raise dues, to cover added costs, be sent to the general membership for a vote. Stephanie Katz seconded the motion.

Jerry Katz noted that the Treasurer's report indicated that only $201 was spent for awards in 1979. Diane McLeroth reported that the $201 was only for engraved plates since the Club had a supply of plaques at that time.

Gerry Adolphus commented that the club could anticipate added income from the Independent specialty in 1981 and this could cover any increased expenses.

Marie Kokin asked the President to explain the financial problems. Phil Zingshelm reported that costs have almost doubled. June Shew commented that other clubs not only raise dues, but have assessments to cover increased costs. Also, that it is possible to invest some of the money in the Treasury so it will earn more interest.

Ron Schramm commented that this should be considered on a business basis. Since the Club needed the money now, an assessment might be a better way to bring in the money needed.

Dave Bohrens pointed out that plaques are purchased in quantity to get a lower price. This then could mean a cost of $800 to $1,000 per order.

Marie Kokin pointed out that there are other benefits to be considered. For example, bulk mailing of the Dew Claw was not satisfactory. Dues increase could also cover first class mailing, which benefits all members.

A call for the question by Manny Littin carried and the vote was taken on whether or not to have the general membership vote on a raise in dues to $15 for an individual and $20 for joint memberships. The motion carried.

Manny Littin pointed out that we are postponing the inevitable and that we need an assessment now, since it would take considerable time for a dues increase to take effect. He then moved to ask the general membership to vote on an assessment to raise the funds needed now. The motion was seconded by Cece Collins.

In response to a question, Pat Long reported that the balance in the Treasury includes funds for special use, such as the Charity Fund, Rescue Fund, etc. The operating balance, after these funds have been deducted was about $1,600 on July 1.

Susan Alexander called for a quorum count, since the assembly was discussing important matters. There being only 54 Members remaining, there was no longer a quorum and the meeting was adjourned.

A number of those present remained after the meeting to continue the discussions.

ATTEST: Diane McLeroth, Secretary

(1980 Minutes - continued)
In loving memory of American & Canadian Ch. Pa'Chick's Justin, affectionately known by many as "Tannes", who died unexpectedly Friday, June 27, 1980.

MY GIFT TO JESUS

I wish someone had given little Jesus a dog as loyal and loving as mine to sleep by His manger and gaze in His eyes and adore Him for being divine.

As Our Lord grew to manhood, His own faithful dog would have followed Him all through the day while He preached to the crowds and made the sick well and knelt in the Garden to pray.

It is sad to remember that Christ went away to face death alone and apart with no tender dog following close behind to comfort its Master's heart.

And when Jesus rose on that Easter morn, how happy He would have been as His dog kissed His hand and barked its delight for the One who died for all men.

Well, the Lord has a dog now; I just sent Him mine, the old pal so dear to me. And I smile through my tears on this first day alone, knowing they're in eternity.

February 16, 1967 - July 15, 1980
This past summer provided two great weekends for Briarders - one in the west, our National Specialty, and the other in the east central part of the country, the Annual Meeting Weekend. Many nice comments have come in about the Specialty in California and those who were able to attend had a good time. The Annual Meeting weekend was a great success with the weather cooperating on Saturday but it tried to rain some at the supported show on Sunday. By mid-afternoon, the rain finally stopped, leaving overcast skies. It was fun to see everyone again, as well as the newcomers and the new crop of youngsters coming up.

Plans are being made for next summer, with three days of festivities in Racine, Wisconsin. Mark your calendars for August 7th, 8th and 9th when we hope to see you all.

**BEST IN SHOW NEWS!**

There are two dogs making their presence felt in the B.I.S. ring. Ch. Phydeaux What's Happenin', owned by Ira Ackerson and Mary Lou Tingley, has taken three B.I.S. recently out East. In the West, there is another star rising. Ch. Rejou Turquoise de Capucine, owned by Robert Kessler, took his first B.I.S. on Sept. 7, at the Conejo K.C. show. His Group I was under Mr. Len Carey and he then went on to that coveted B.I.S. under Mrs. Helen Walsh.

**O.F.A. NEWS**

Ch. Pa'Chick's Nifty Nugget, owned by Janet Couture, is now certified F.B. - 113. His sire is Calumet's Jason J. and his dam is Am./Can. Ch. Pa'Chick's Indian Summer. Please let us know when your Briard receives an O.F.A. number. There are some gaps here, and although O.F.A. will eventually notify us, it would be nice to announce those numbers sooner.

**NEW CHAMPIONS**

Ch. M.AND M'S ROEFA
Ruffy, owned and bred by Janice Millis, finished his championship at the Genesee County K.C. show on August 16th. His sire is Ch. Nestor de l'Eminence and his dam is Ch. Tigresse de Patriche.

CH. CHIEN DE SEL OVER THE RAINBOW
Rainbo, owned and bred by Sue Erickson, finished her championship at the Genesee County K.C. show too. Her sire is Ch. Uffin Bergeer du Nord and her dam is Ch. Les Blues de Chien de Sel, C.D.

CH. CHATEAUBRIARD PDO DE BARCHET
This young male, owned by Ken & Cece Collins finished his championship at the Pontiac K.C. show on August 17th. His sire is Ch. Nestor de l'Eminence and his dam is Ch. Chateaubriard Mint Jullip.

(continued on page 14)
NEWS, continued

CH. M.C. PLAISANT DE JEAN
Jay, owned and handled by Ron & Judy Schramm, finished his championship on July 12th under Mr. Trullinger. His sire is CH. Chateau-brillard Jokers Wild, C.D. and his dam is CH. Lorraine de la Croix.

CH. MANNY'S PAL O JACK
PJ., owned and handled by Manny Littin, finished his championship on July 13th. His sire is CH. Chateau-brillard Jokers Wild, C.D. and his dam is CH. Lorraine de la Croix.

CH. MANNY'S PLAY MISTY
Misty, owned and handled by Donna Kahn, joined her brothers in finishing on July 13th. Her sire is CH. Chateau-brillard Jokers Wild, C.D. and her dam is CH. Lorraine de la Croix.

CH. OTTO HAYES JR. DU LE LOUP D'OR
Otto, owned by Frank Janca and virginia Schaefer, finished his championship with back to back majors on Sept. 7th. His sire is CH. Flanc le d'Or de Beauxjolls, C.D.X. and his dam is CH. Era le d'Or de Beauxjolls, C.D.X.

MATCH RESULTS
Dave Behren's Perri (Perrier d'Occasion) continues to add to her list of match placements. On July 25th at the Stone City K.C. Match, she took a Group 2, July 27th at the Kennel Club of Yorkville, she took a Group 3, and on August 3rd at the Elgin K.C., she took a Group 2.

PUPPY CORNER
Ruth Monast has tawny puppies available from her litter which was whelped on May 10th. The sire is Onno des Carriers Noires and the dam is Luire Rouge de Monet.

Linda Wells and Rob Ferber have tawny males available, which were whelped on July 1. The sire is CH. Stonehill's I'm Bogle and the dam is CH. Vive la Nicole de Beauxjolls.

June Shew has a litter of tawny puppies available. Their sire is CH. Nestor de l'Eminence and the dam is Olive Oll. They were whelped in July.

Lana Sheer has a litter of black puppies whelped in early September. CH. Tigger de Charlemagne is reported as the sire of the litter.

Pat Long has a litter of tawny puppies due in mid-September. Their sire is Am/Can. CH. Sirhan Drover and the dam is Am/Can. CH. Pa'Chick's Indian Summer.

Robert Kessler has a litter of tawny puppies whelped in mid-Sept. The sire is Stonehill's I'm Hector and the dam is CH. Capucine de Beauxjolls.

Richard McDearmon & Ellen Walton are expecting a litter of tawny puppies in late October. The sire of the litter is CH. Rejoul Turquoise de Capucine and the dam is CH. Chateau-brillard Nouvelle Nova.

Cece Collins is expecting a litter in late September out of CH. Chateau-brillard Vichysois and sired by CH. Nestor de l'Eminence.

Manny Littin is expecting a litter of tawny puppies the end of October out of CH. Manny's Igot's Olive and sired by CH. Manny's Pal O Jack.

WE WERE SORRY TO HEAR:
Floyd Stevenson was stricken with a heart attack. However, he is now home and on the road to recovery. Get well soon, Floyd, we miss both you and Philippe in the ring.

Condolences to Jenny Ojeda, whose Mex/Am. CH. Rosette de la Patre died recently at the age of 15 years.

OCTOBER 1980
OPEN LETTER TO BRIARD OWNERS

I received my first Briard from England at the very tender age of eight weeks. Her diet up to this point had been an "all in one" dry dog food and she was duly switched to meat and plain biscuit. "Stress" was added as a supplement. The possibility of a vitamin deficiency was, therefore, kept to a minimum. There has been some thought that this might be a key to the problem of C.P.R.A. in Briards, but in Cilia's case, it was not a savior.

When Cilia was about 2 years of age, I thought about breeding her and informed her breeder in England of the coming possibility. I received a long letter; difficult for the breeder and difficult for me to grasp the problem. The long and the short of it was that Cilia's dam had failed to pass the eye tests for C.P.R.A. and the breeder suggested I should have Cilia's eyes tested.

Thanks to the Poodle Club in Toronto, which holds an annual eye clinic in the Toronto area every year, I was able to have her checked. At just over two years of age, she was not cleared. Suspicious was the diagnosis. Within twelve months, the eyes got worse - a lot worse. Luckily, on the last test, at over four years of age, it had slowed, but was still progressing.

Cilia has managed to compensate for her handicap, in that unless you know, it is difficult to say she is different. The give-away is when you offer her a biscuit and she misses taking it and is biting for thin air. Ever know a Briard to miss a treat?! One with C.P.R.A. does - and not by a little. Cilia misses by three or more inches. This is with the hair trimmed well-back from her eyes - she looks more like a Bearded Collie at times. She looks up at you, but you don't look directly into her eyes—her head is turned to one side, so she can get you in view (some peripheral vision remains).

Does your Briard bark at you at a few paces, because he or she thinks you are a stranger? When all that hair is over the eyes, most Briards are hampered and you might never know if you don't have the eyes tested. If C.P.R.A. is in the breed in North America - and because of the common bloodlines with the British dogs, there is every reason to believe it does, and the longer you delay having the eyes tested, the more pups will be born with it. Take the attitude that, by having the eyes tested, we don't have the problem. DON'T BE BLIND TO THE PROBLEM OF C.P.R.A.

HAVE YOUR BRIARD'S EYES TESTED - REGULARLY!

Sincerely,
MIKE MITCHELL
owner of,
Ch. Stormfield Half Penny

Our eye clinic in August was quite successful with 67 Briards checked for eye disease, specifically central progressive retinal atrophy, by Dr. Gustavo Aguilre. However, we still have not scratched the surface. Dr. Aguilre advises that we will not have a true picture of eye disease in American Briards until TWO-THIRDS of the Briards OVER THREE YEARS OF AGE have been examined for eye disease. At our recent clinic, only about one-third of the dogs were over the age of three. Please have your Briard checked, especially those over the age of three, and send the results to the Club. The information will be kept confidential unless you give written permission for it to be released.

BCA EYE REGISTRY

The B.C.A. will provide an eye certification number for each Briard checked by indirect opthalmoscopy and slit lamp, and found to be clear of eye disease. A numbering system, similar to that formerly used by C.E.R.F. will be used for BCA record keeping. The list of clear dogs will be published periodically, beginning with the February "Dew Claw". A certification number will be given to the dog for a period of one year and will be renewed upon re-examination of that dog. Those wishing to receive a certification number, should fill out, the pink copy of their opthamalic examination form, sign it, and send it to the Secretary. Your Briard will be added to the list of C.P.R.A clear dogs for one year, from the date of examination. Those who have had their dogs checked by an individual veterinarian and do not have a "pink" copy, may send a letter signed by the examiner, which must state that the dog was examined by indirect opthalmoscopy and slit lamp, list the date and give the results of the examination. In addition, the owner must include permission for the information to be published.

In the near future, B.C.A. will provide a form for use by the examiner. In the meantime, certification numbers will be issued on the basis outlined above.

At the present time, Dr. Aguilre is in England, studying the C.P.R.A. problem there with Dr. Peter Bedford of the Royal Veterinary School. B.C.A. is sponsoring his work and we hope he can remain there for the three months he requires. However, the money for Dr. Aguilre's expenses must come from donations to the BCA Eye Fund. WE ARE STILL ABOUT $1,000 SHORT of the $2,700 needed for Dr. Aguilre to stay in England the full three months. If we cannot raise the necessary money for his expenses, Dr. Aguilre will have to cut his study short and return to this country. PLEASE HELP US FIGHT BLINDNESS IN BRIARDS. Donations should be sent to Patricia Long, Treasurer, 5690 Shea Road, Marine City, MI 48039 and checks should be payable to the "B.C.A. Eye Research Fund".

It may be difficult to accept the reality of a problem, when only isolated cases have been found this side of the Atlantic. However, with the genetic potential believed to exist, WE MUST SUPPORT THE WORK NOW IF WE ARE TO STAY AHEAD OF THE PROBLEM!
"TURQ", owned and bred by Robert & Shirlee Kessler, highlighted his successful show career with B.O.B. at the B.C.A. National Specialty in the Santa Barbara, CA. He is pictured with Specialty judge, Mrs. C.G. Sutton from England and Brian Phillips, who handled him to the win.

FROM OUR 1980 SPECIALTY JUDGE
MRS. C.G. SUTTON

How can I thank you all for the very lovely glass box with a study of the Briard. It will always remind me of a very happy day at Santa Barbara.

I thought the Briards compared most favorably with those in the United Kingdom. The temperaments were good, mouths were good, head type generally good. Cropped ears certainly, in my opinion, add to the alertness of the dog.

I prefer my Briard to be slightly longer than he is high. I found this mainly to be the case. Quarters could have been stronger, as they should be the driving force to motivate the dog along. Several, I found weak in this respect, particularly from the hocks down. Some shoulders could have been better laid back, allowing the dog more freedom of movement in front. A Briard should cover a lot of ground with great ease.

Coats, on the whole, were good, but I noticed few had good undercoats. This may well be due to climate.

I loved my top winners. The B.O.B. dog is a very good male, with very many virtues. The bitch is a charming exhibit, but just needs to mature to finish a lovely picture of type.

Thank you all once again for my lovely gift, best wishes for the future of you lovely Briards.

P. SUAVECITO DE TIERRA DE ORO was awarded W.D. by Mrs. Sutton; and Best Sr. Puppy, by Sweepstakes judge, Miss Lorna Spangenberg. He is owned by Ann and Joe Diaz and was bred by Dallas & Judy Meggitt.

A STORY WITH A MESSAGE

(The following, credited to "The St. Bernard Bulletin", was condensed for "The French Connection" by Fran Taylor.)

Once upon a time, four St. Bernard exhibitors were coming home from a big show. They were driving over a mountain pass, in the middle of a violent snow storm, when suddenly, their car went into a skid - and down a slope, about a mile into a ravine. The trailer containing their four dogs, landed relatively undamaged, next to the car... the Saint breeders were trapped inside their car, but the door to the trailer had popped open.

The first dog to get out was a very "typey" Saint, (and he started up the slope for help.) About a quarter of a mile up, he was gasping for air, and his nasal passages began to freeze, because of his foreshortened muzzle. In another two hundred yards he was blind, and hopelessly lost, snow piling up in his paws.

The second Saint out of the trailer was bred for "important things", like prettiness, size, color and perfect markings. He was a beautiful sight (as he started up the ravine) but (then) collapsed after only a few hundred yards from hip dysplasia.

The third dog to try to summon help had been bred for "soundness". His breeder wouldn't have dreamed of using a dog that wasn't X-rayed free of hip dysplasia. (But) he collapsed from exhaustion halfway up the slope. His breeder had not realized there is more to soundness than hips, and had neglected to include the head, back, shoulders, forelimbs, feet, chest, lungs, heart and hindquarters in "breeding for soundness".

The fourth breeder was conscious by now...and with great pride saw his big, beautiful St. Bernard drive off into the blinding storm. He had bred for type, being careful not to shorten the muzzle so far as to obstruct the breathing. He was proud of the dog's "tight eyes". His dog had "storybook markings", a richly colored coat and was a very "powerful, strong and muscular figure". He had an OFA number, but was also big-boned, had a strong and powerful neck, his shoulders were "well laid back", he had a "good rib spring", and he had "strong pasterns", and "strong, tight feet". He had perfect rear angulation... (and) when moving was absolutely flawless.

This dog made it up the slope to the road, effortlessly. A passing state trooper saw him and stopped to investigate. --- As he got out of the car, the dog attacked and ate him....
